

**Let's go, let's get walking!**  
Hikes/visits/excursions  
In the Grand Duchy of Luxembourg  
(**new activity**)

Since Spring 2022 the Committee has been organising a series of excursions and activities which give you the opportunity to meet up with former colleagues while becoming better acquainted with the Grand Duchy, and of taking a little exercise without overdoing it!

The excursions may be:

- visits to various places of interest, or
- walks and hikes.

When possible, the group can end the excursion with a visit to a café or restaurant.

All the activities take place within the Grand Duchy. Some are free of charge, some are not.

Transport to the starting point is not organised. Participants have to make their own way to the meeting point, either on foot, by car, by bus or train.

And please note: all information concerning the excursion/activity **is sent by email**, partly to save paper, and partly to save time.

All the information about any new activity is immediately published on our website: <http://aiace-luxembourg.eu>.

As usual, participants must be paid-up members of AIACE and may be accompanied by their spouse/partner.

If you wish to be included on the mailing list, send **an email** to the following address: [aiace-lu-activities@europarl.europa.eu](mailto:aiace-lu-activities@europarl.europa.eu) indicating whether:

- \* your preference is for excursions to places of interest or for hiking;
- \* you prefer to participate in a French-speaking or an English-speaking group;
- \* your membership number;
- \* your telephone number.

We hope that this new programme will appeal to you!  
So far the excursions been extremely successful and the feedback has been very positive!
